Arista Launches its New Fanless ISA Bus Half-Size Single Board Computer the SBC-H4660VL

The SBC-H4660VL is ideal for automation and instrumentation applications.

FREMONT, CA – December 15, 2006 – Arista Corporation, a leading industrial PC solutions provider, introduced today its new industrial ISA Bus half-size single board computer the SBC-H4660VL. Designed to meet the demands for industry reliability, high performance and fanless operation, the SBC is ideal for automation and instrumentation applications.

The new SBC-H4660VL is equipped with an AMD Geode™ 333MHz GX-466 CPU. System memory includes 128 MB of DDR and one 200-pin SO-DIMM that supports up to 512MB of additional memory. The SBC requires a low, 4-amp, +5 Volts maximum power and has a programmable watchdog.

Additional system features include Geode GX-466 Integrated VGA and a LCD 24-bit TTL interface. A standard 10/100 Ethernet and 3D audio are included. Serial, Parallel and FDD ports are standard. The SBC also supports two floppy drives, a mouse and keyboard. The SBC-H4660VL has 4 USB 2.0 ports and many other standard features

“The new ISA Bus half-size SBC-H4660VL with its fanless operation is ideal for low power solutions,” said Bernard Casey, VP of Sales at Arista Corporation. “The single board computer has a rugged design and comes standard with an AMD Geode CX-466 CPU. All of Arista’s single board computers are backed by an optional next day replacement warranty, further ensuring Arista’s commitment to quality and excellence.”

Pricing and Availability

The manufacturers suggested retail price for the SBC-H4660VL starts at \$300.00 for North American sales and is available for immediate delivery through Arista’s distribution partners. For volume pricing and additional information call Arista direct at (510) 226-1800 or visit their Web site at <http://www.aristaipc.com>.

Editor’s Note:

A high- and low-resolution product image, data sheet and a PDF of the news release for the SBC-H4660VL is available by calling MarCom PR at (949) 476-5005 or by visiting: http://www.marcompr.com/Product_Images/Arista_SBC-H4660VL.htm.
